

## Faculty of Architecture

**Department:** Architecture and Urbanism

**Professional area:** Architecture, Civil Engineering and Geodesy

**Major:** Architecture

**Educational-and-qualification Degree:** Master

### COURSE DESCRIPTION

1. **Course unit title:** History of Architecture - part 3
2. **Course unit code:**ARC 2031
3. **Type of course unit:** compulsory
4. **Level of course unit:** Master
5. **Year of study:** second
6. **Semester when the course unit is delivered:** fourth
7. **Number of ECTS credits allocated:** 3
8. **Name of lecturer:** Assoc. Prof. Krassimira Zaharieva Vacheva, PhD
9. **Learning outcomes of the course unit:**
  - 9.1. Acquainting with ancient cultures and historical processes which have become a catalyzer for the appearance and development of the accompanying architecture.
  - 9.2. Skills for differentiating and analyzing different architectural plans and types are acquired. The course aims at gradually getting into the studied matter and preparation for further study of the development of the European and world architecture and in particular the Bulgarian architecture.
10. **Mode of delivery:** face-to-face
11. **Prerequisites and co-requisites:** Study of the material gradually from the 2nd to the 3<sup>rd</sup> part, knowing the history of art from the Middle ages.
12. **Course contents:** The course presents specified information about the appearance and development of the Renaissance and Baroque architecture, the architectural trends Rococo and Classicism. The lectures are presented accompanied by examples about the work of the greatest authors and their most remarkable works. The lectures include brief but significant information about the nature of the architecture of the East which developed at the same time.
13. **Recommended or required reading:**

Basic reading:

  - lecture course with multimedia presentations (updated in 2011);
  - Мюлер, В. и Г. Фогел Атлас Архитектура II, Летера 2003
  - Енциклопедия на архитектурата, Сфия 2008. Под ред. на Емили Коул;
  - Фийлд, Д.М. Шедьоври на архитектурата. Книгомания 2007 (с речник на архитектурните термини)
  - Ching, Fr., M. Jarzombek, Pr. Vikram. A Global History of Architecture, Wiley, 2006.

Additional reading:

  - Architecture Styles. Ed. Cunliffe, S. and J. Loussier. Книгомания 2010.
14. **Planned learning activities and teaching methods:**
  - a test on the 2/3 of the studied material during the fourth lecture;
  - a project assignment – an architectural analysis of a facade;
  - 5 hours per week, 6 weeks delivered with the use of multimedia
15. **Assessment methods and criteria:** The grade consists of two parts – a continuous assessment grade and an exam grade. The continuous assessment grade is formed on the basis of presence during lectures, the grade from the test and the essay (an average

grade). The tests are stored for a year thus allowing everybody to look at their work and find information about the motives for the respective grade.

16. **Language of instruction:** Bulgarian

17. **Work placement(s):** none
